Additional Information

The Spectra Scientific Field Pro is the industry standard award winning Groundwater Sampling Pump. With over 20 years of design and manufacturing experience the Field Pro is one of the most rugged and reliable pumps on the market. Designed for Low Flow sampling the Field Pro can achieve industry leading flow rates as low as 25ml/min. Compared with other Environmental Sampling Pumps the Field Pro is unique with a Top-Angled Pump Head away from ground contaminants and 4300cm³ of vial and tool space. All enclosed in a rugged Alluminum casing to ensure protection from the harshest climates.
